

村章について

「きのぞ」の頭文字「き」の図案化。

左に伸びる鋭角は村の発展を、円は村民の融和を表わす。また村旗を作成する場合、下地の色グリーンは平和を意味し、村章の色オレンジはみのりの豊かさを表わします。

The Village Seal

The image is a representation of the first sound of the word Ginoza in Japanese, represented by the letter “ぎ (gi)”.

The obtuse angle that opens toward the left represents the village's development. The circle represents the harmony among the village citizens. When designing the village flag, the green background was made to signify peace and, on the seal, the orange represents fruitfulness.

水と緑と太陽の里

The Village of Water, Greenery and the Sun

満々と水を湛えし5つのダム、黒潮踊る太平洋に面した癒しの海から得られる豊富な水産物。ここは水の里。

緑豊かな山々、自然を活かした元気な農業・畜産業、ここは緑の里。

いつもキラキラ輝き、温かみのある行政。ここは太陽の里。

私たちは、この3つの里の恵みを活かし、人と自然が調和する「平和で明るい文化発信の村づくり」を進めています。

■村の木／琉球松

■村の花／ツツジ

■村の鳥／メジロ

■村の魚／ミーバイ（ハタ）

With five dams retaining water and facing the comfort of the Kuroshio Current on the Pacific Ocean, Ginoza is blessed with aquatic bounty. This is the village of Water.

With a green mountainside and natural environment giving rise to bountiful agriculture and farming, this is the village of Greenery.

And with a bright and warm government, this is also the village of the Sun.

By putting these three rich elements of our village to good use, we strive to create harmony between people and nature and to “communicate a peaceful and bright village culture”.
